

# Natural and organic cleaning products

## Organic black olive oil soap

**No palm oil, no artificial flavour, no preservative and no additive.**

### Dishwashing liquid formula:

½ glass of olive oil soap  
2 table spoons (TS) of Bicarbonate of soda  
½ litre hot/warm water

You can add 10 drops of essential oil of your choice: lavender, orange, citrus, etc.

### Washing machine soap preparation:

Preparation for a 5 Kg washing machine.

1/3 glass of olive oil soap  
2/3 glass of hot/warm water

If the water is hard (limestone water) add 1 TS of bicarbonate of soda.

### Multipurpose Cleaning formula:

For stained and greasy surfaces

1 TS of olive oil soap  
2 glasses of vinegar  
4 glasses of hot/warm water

You can add 10 drops of essential oil of your choice: Lavender, orange, citrus, etc.

### General Cleaning formula:

1 TS of olive oil soap in 2 litres hot/warm water.

You can use it to clean tiles, enamels, floors, etc.

### In the garden:

To protect your roses, flowers, plants, etc:

Spray the general preparation formula to get rid of unwanted insects.

Find all formulas in the booklet "DIY, Make your own cleaning products".
